ERLITE ERGO UNI – PREMIUM-N NOMEX® OT - BLUE

Erlite Ergo Uni is a three-layer firefighting suit developed based on the experience and needs of Czech professional firefighters. It combines Holík's manufacturing tradition with the Austrian know-how of seamTEX®, which has been part of Holík International since 2024.

It is built on the PREMIUM-N material system, whose performance is based on a carefully engineered combination of materials and a unique layer construction. The result is a balanced combination of protection, breathability, low weight and ergonomics.

EN 469 EN 1149-5 EN ISO 11612 EN 343

STANDARDS
EN 469 Xf 2, Xr 2, Y 2, Z 2
EN 1149-5
EN ISO 11612 A1, B2, C1, F2
EN 343 Class 4/4
ISO 13506-2

Color: Navy Blue
Sizes: XS–4XL (length options: N, K, KK, L, LL))
Outer material: Nomex® Outershell Tough

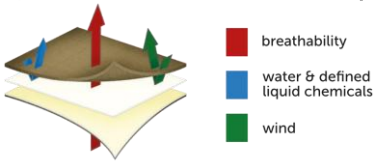

OUTSTANDING PROTECTION
thanks to Nomex® and Kevlar® aramid materials

HIGH BREATHABILITY
seamTEX® PTFE Fire Insert membrane for effective water vapour transmission and reduced heat stress

LOW WEIGHT
ultra-lightweight material construction with a total weight of 500 g/m²

COMFORT AND ERGONOMICS
pre-shaped knees with foam padding for enhanced comfort when kneeling

SeamTEX PREMIUM-N Material System is designed for demanding firefighting operations and extreme emergency response conditions.

OUTER MATERIAL:
- Material composition: 75% Nomex®, 23% Kevlar®, 2% antistatic fibre
- High mechanical resistance while maintaining low weight
- Hydrophobic treatment resistant to up to 30 washing cycles without re-impregnation

THERMAL INSULATION AND LINING
- Combination of aramid fleece and FR viscose with aramid fibres for thermal comfort and effective moisture management.

MEMBRANE
- Extremely lightweight PTFE membrane with a weight of 90 g/m² ensures high breathability with minimal weight.
